Come Sing With Us – The Choo Choo Chorus

Harmony

We are male voices (Lead, Tenor, Bass and Baritone) singing 4-part unaccompanied music. When done correctly, the voices blend in harmony to produce audible, beautiful overtones not being sung by anyone. This is a grand experience and makes our style of music unique. Reading music is not a requirement but having a good ear does help.

We seek a Balance of Harmony, Fun, Fellowship, and Service

Fun and Fellowship

Each week we enjoy seeing friends, then working together to improve our singing of songs old and new. We share friendships and get together for meals and activities throughout the year. Traditionally, we put on an Annual Show, a Christmas Show and Singing Valentines. Performing and entertaining audiences always leaves a smile on our faces.

Service

We perform at nursing homes and assisted living and retirement centers which is an important part of our service to our community. We honor our military by performing at Memorial Day and Veterans Day ceremonies usually at the National Cemetery. We have sung at Nationalization Ceremonies for new citizens and sing "The National Anthem" at sporting events including Special Olympics. Christmas Show proceeds are donated to a local charity.
